## ONE CENT A WORD PER ISSUE

YOU MAY frequently find a "want ad. opportunity" really worth looking into. A few "want ad. walks" about your neighborhood—or about the city—may be healthful and profitable to you. Once in a while you may be "too late" or the thing offered may not quite appeal to you—but the same sort of experience awaits you in all other business affairs. The point is: **YOU ARE PROBABLY TAKING IT FOR GRANTED THAT IT WILL NOT PAY YOU TO ANSWER WANT ADS.** Instead of doing that, **TEST THE MATTER AS FAIRLY AS YOU WOULD ANY OTHER BUSINESS PROPOSITION.** And—which is important—do not wait until "some time" to **BEGIN THE EXPERIMENT.**

## ONE CENT A WORD PER ISSUE

## IMPORTANCE OF SMALL THINGS

A great battle was once lost from the lack of a horse-shoe nail. Terrible railroad wrecks have been caused by a timepiece being a little slow. Most all watches have a dozen or more screws in the balance wheel to give the proper weight. Sometimes a screw will work loose. Then your watch will lose time until the screw drops out, when it will go too fast. I make a specialty of repairing, adjusting and regulating watches. The best advertising I do is to please my customers. **RUBOTTOM, THE JEWELER** South end of the bridge.

## SCHOOL ELECTION WILL BE HELD MARCH 26

Twenty-nine New School Directors Will Be Chosen on That Date

**ALL ARRANGEMENTS BEING PERFECTED**

Successor to J. S. Miles to Be Chosen in Globe District No. 1

At a school election to be held in Gila county on Saturday, March 26, twenty-nine new school trustees will be elected to fill vacancies in the twenty-five school districts of the county.

In each of the districts in the county, one of the three trustees will end his present term on the date of the coming election. In two districts, it will be necessary to elect an entirely new board, as the acting members were appointed by County Superintendent Kellner to fill short terms and with the coming election, these appointees must either be ratified by the people or new trustees elected to take their places.

Yesterday Superintendent W. O. Kellner of the county schools compiled the necessary election notices and instructions for the different school districts and today this data will be mailed out to the different school boards.

As yet the coming election has caused little or no discussion. It is expected that within a short time candidates for the various positions will appear, however, and that a hot campaign will ensue.

Throughout Gila county, the terms of the following school trustees will expire:

- District No. 1—J. S. Miles.
  - District No. 2—Peter Corn.
  - District No. 3—William Kennedy.
  - District No. 4—William Jackson.
  - District No. 5—Mrs. J. W. Voris.
  - District No. 6—Mrs. D. Devore.
  - District No. 7—George W. Martin.
  - District No. 8—James Lightfoot.
  - District No. 9—L. W. Cowan.
  - District No. 10—August Pieper.
  - District No. 12—A. N. Hunt.
  - District No. 13—J. P. Booth.
  - District No. 14—Pablo Ortiz.
  - District No. 15—W. E. Estes.
  - District No. 17—Frank T. Carr.
  - District No. 18—J. H. Fulehr.
  - District No. 21—Henry Haught.
  - District No. 22—E. M. White.
  - District No. 23—Dr. G. C. Boyd.
  - District No. 25—Burnett Goodwin.
  - District No. 26—Charles Maybush.
  - District No. 27—R. E. Lee.
  - District No. 28—J. C. Gibson.
- In districts 11 and 20—new districts—trustees were appointed by Superintendent Kellner and as the result, three new trustees will be chosen at the coming election.
- In this city interest will center chiefly in the election of a trustee for Dis-

trict No. 1, which embraces all of Globe.

As yet no candidates have been announced for this position, although it is probable that J. S. Miles, incumbent, will be in the field for re-election.

**SCORPION FOUND IN COW** Had Dug Its Way Half Through the Animal and Was Still at Work When Discovered

Along about the middle of last September a fine Jersey cow belonging to John S. Gilliss, who owns a farm just outside of Rockville, became ill. She began coughing and later showed symptoms of tuberculosis.

Finally she became so feeble that she could not stand. The veterinarian who was called in diagnosed her case as pneumonia. Her cough increased and the Gillisses decided that the humane thing to do was to kill her and end her misery. So she was duly executed, and a negro farm hand was set to work to skin her.

When he had removed the hide the negro noticed a hole in the skin next to the hide on the cow's side. His curiosity was at once aroused, and he traced the hole through the intestines and stomach of the cow. Following its course, he came to the cow's milk bag. There was found a scorpion, five inches long, alive and apparently in the best of health.

Mr. Gilliss believes the cow swallowed the scorpion some time in August or September, while drinking at a spring. The reptile evidently worked his way out of her stomach as far as his hide. Unable to penetrate this, he worked his way along until he reached her bag, where he stuck. The Gillisses are keeping the scorpion as Exhibit A in the cow case.

**SURE OF HIS WHEREABOUTS** A young man fell into a state of coma, but recovered before his friends had buried him. One of them asked what it felt like to be dead.

"Dead!" he exclaimed. "I wasn't dead. And I knew I wasn't because my feet were cold and I was hungry."

"But how did that make you sure?"

"Well, I knew that if I were in heaven I shouldn't be hungry, and if I was in the other place my feet would not be cold."—Cleveland Leader.

**THE WHIP HAND** "She evidently copies your patterns."

"Quite so."

"I don't think I would care to have such a fashionable cook as that."

"It has its advantages," declared Mrs. Housekeeper.

"In what way?"

"When she starts to leave I simply refuse to button her gown."
